TRANSFORM HF 2023 Collaboration Starter Grant

February 14, 2023 • Reply to [OSI Research](#)

Value:

Up to four grants are available, each up to \$10,000.

Duration:

One year from April 2023-2024

Purpose:

TRANSFORM HF is offering Collaboration Starter Grants to encourage, foster, and support members of our community working collaboratively on research and project proposals that advance our mission and expand our network. Three types of supports are available:

- Grants up to \$10K for proposal development meetings, collaborative project activities, patient or Knowledge Keeper compensation and facilitation.
- Grants up to \$10K for scoping and preliminary project research and data collection.
- Grants up to \$10K for research proposal writing and editing.

The number, type of grant, and funding amount for each award to be supported depends on the mix and quality of applications received. Up to four awards are available.

Priority will be given to project proposals that were initiated during a TRANSFORM HF network meeting collaborative activity and/or which expand the network and its reach.

Application Deadline:

March 24, 2023 at 5:00pm EST

Submission:

Applications are to be submitted as a single PDF document via email to info@transformhf.ca by the deadline.

-

How to Apply:

Access and complete the [Application Form](#) via the TRANSFORM HF [website](#).

About TRANSFORM HF

In response to the grand challenge of inequity in heart failure care, the TRANSFORM HF Institutional Strategic Initiative was formed in partnership between the University of Toronto and the Ted Rogers Centre for Heart Research in May 2020. The initiative and its network are committed to empowering collaboration and patient-driven, technology-powered equitable care with the ultimate goal of changing the lived experience of HF care.
