UPDATED: TRANSFORM HF Seed Grants – Call for Applications

October 7, 2021 • Reply to [Kenneth Meiklejohn](#)

TRANSFORM HF is offering Seed Grants to encourage, foster, and support members of our community working collaboratively on research proposals that align with our objectives. For 2021, three \$50,000 grants are available, each with a unique focus theme and opportunity for investigation:

1. Equity, diversity, accessibility, and inclusion in heart failure.
2. Data science innovation in heart failure prevention, treatment, or care.
3. Digital health (including virtual health, point-of-care testing, implantables, sensors, wearables, and apps) and heart failure.

Eligible applicants include all University of Toronto professorial staff who are affiliated with TRANSFORM HF and the institutions within the Toronto Academic Health Sciences Network and are eligible to hold research funding at the [University of Toronto](#) or [external funding partners](#).

Updated: Applications are due **November 29, 2021**. Funding is planned to begin January 2022 for one year, COVID-19 allowing. Funds must be spent by December 31, 2022.

Please see the TRANSFORM HF [website](#) for program guidelines and application form.

Distributed to: Workshops & Events, Vice Dean / Vice-Principal Research, Student, Staff, Social Sciences, Research Related Policies & Guidelines, Research Honours & Awards, Research Funding Opportunities, Physical Sciences and Engineering,
